creative engineering solutions

DAVID L. JONES III, P.E.

PRINCIPAL / SENIOR ELECTRICAL ENGINEER

PROFILE

David's 22 years of experience as an electrical engineer has culminated from his beginnings as a staff engineer. He designed power, lighting and fire systems before his rise to the position of Principal and Senior Electrical Engineer in the newest minority owned MEP consulting firm in the central Indiana market. David's hard work, determination and dedication to his team and most importantly, his clients, is what has driven David to become a leader in the consulting engineering industry and in the Indianapolis community.
